

Earth Science Outside – Tooele Sunsets

Stansbury Island

Wednesday, 11 October 2017

Meeting Time 5:00 PM

Directions – Driving West on I-80, **take exit 84**. The exit will end at a "T".

Take a left on Solar Road (sign indicates To Stansbury Island). Proceed across railroad tracks.

Continue. Just as the road bends north toward the Island, there is a pull-out area on the left (south side).

Meet Earth Science Education there. All this is before the main railroad crossing.

**Not to worry, it will be easy to spot vehicles in the wide open vista.**
